SPECTRUM
ADVANCED LEARNING

SPECTRUM FOR SCHOOLS

A practical partner for every part of your school

Twelve ways Spectrum helps schools raise results, develop teachers, include every learner and prepare students for the universities and careers they aspire to.

- **Personal learning plans and diagnostics**
- **Teacher training and policy support**
- **Placements, counselling and future skills**

+92 324 4449039 · info@spectrum-learning.com · spectrum-learning.com

Spectrum Advanced Learning is independent and is not endorsed by or affiliated with the International Baccalaureate (IB). All Spectrum materials are original.

1. Personal learning plans for every student

A diagnostic for every student and a weekly study plan that closes their gaps.

- Diagnostics for a year group or the whole school
- Personal weekly learning plans
- Spectrum packs and online workbooks matched to each plan
- Termly progress reports for teachers and parents

2. Curriculum review and improvement

An expert review of what you teach, with a practical plan to strengthen it.

- Scheme-of-work and assessment review by subject
- Comparison with the IB, Cambridge or national framework
- Prioritised improvement plan
- Optional Spectrum units and mock papers to fill gaps

3. Learning, assessment and inclusion policies

Clear, workable school policies on teaching, assessment, homework and inclusion.

- Teaching and learning policy
- Assessment, feedback and homework policies
- Academic integrity and responsible use of AI
- Inclusion and special educational needs policy

4. Teacher training

The Teacher Academy for your staff, at your school, at our centre or online.

- 1-Week Intensive and 3-Week Certificate
- Teaching Students with Special Educational Needs
- Lesson observation and coaching
- Certificates for every participant

5. SuperLearners in your school

Learning-how-to-learn lessons for a class, a year group or the whole school.

- Programme for four age bands, from age 4 to 16
- Taught by Spectrum or by your trained teachers
- Workbooks, assessments and certificates
- Baseline and exit results for each class

6. Custom programmes for individual students

Tailored support for students who need something different.

- Assessment of referred students
- Individual education plans with your staff and families
- Catch-up, extension and exam-access support
- One-to-one and small-group teaching

+92 324 4449039 (9 am to 10 pm) · info@spectrum-learning.com · spectrum-learning.com · DHA Phase 4, Lahore

Spectrum Advanced Learning is independent and is not endorsed by or affiliated with the International Baccalaureate (IB). All Spectrum materials are original.

7. Placements for your students

Six weeks inside real organisations, and six-month Career Pathways for older students.

- Dedicated school cohorts in March, June–July, August and October
- Junior Executive Programme, AI and Cyber Security placements
- Career Pathways with a professional mentor
- Evidence for CAS, Service as Action and portfolios

8. University and career counselling

Counselling for your students on subjects, degrees, universities and careers.

- Career interest profiling and subject-choice advice
- Degree and university shortlists
- Personal statements, references and interviews
- Parent information evenings

9. Future skills: AI, digital, money and enterprise

The skills students will need for life that most timetables leave out.

- AI Studio and Cyber Security Studio (defensive)
- Digital Office Skills
- Young Investors: Financial Markets
- Young Entrepreneurs: Business and Enterprise

10. Exam readiness and mock examinations

Externally set mock papers, marked against the criteria, with a report for every student.

- MYP 5 eAssessment and IB Diploma mock papers
- Marking against criteria and markschemes
- Student feedback reports
- Department gap analysis

11. Course packs and licences for classrooms

Spectrum packs, slides and online workbooks for your classes.

- Teacher and student editions
- Slides for every unit
- Online workbooks with instant marking
- Licences per class or year group

12. Parent engagement

Workshops that help parents support learning at home.

- Workshops at your school or online
- SuperLearners for Parents
- Subject, university and career evenings
- Online safety for families

Spectrum Advanced Learning is independent and is not endorsed by or affiliated with the International Baccalaureate (IB). All Spectrum materials are original.

Placements and careers for your students

Your students can step out of the classroom and into real companies, audit and professional firms, media houses, NGOs, public bodies and technology teams. The Junior Executive Programme (Industry and Community Immersion), the AI Programme and the Cyber Security Programme each begin with an Academy week, place students with trained host mentors, and end with a pitch to the host's leaders. For students aged 15 to 18 with a clear goal, six-month Career Pathways in law, public administration, politics and policy, or their own field combine specialist classes with a placement and a mentor. Everything produces strong evidence for Service as Action, CAS, the Personal Project and university applications, and we can run a dedicated cohort for your school.

Partnership models

Pilot
One service with one year group for a term, with a review against baseline data.

Programme partner
Several services across the year, with a named Spectrum lead and termly reviews.

Whole-school partner
A three-year plan across learning, teachers, policies, placements and counselling.

How it starts

1. **Discovery call.** Tell us your priorities and the students you want to help.
2. **Proposal.** A short written plan with services, timings and fees.
3. **Pilot.** One service with one group for a term.
4. **Review and scale.** Termly review against baselines, then extend.
