SPECTRUM
ADVANCED LEARNING

Career Pathways pathway · Ages 15–18

Career Pathways (6 months)

For students who know the career they want: six months of specialist learning and real practice.

About the programme

Six months, three days a week: 4.5 months of specialist classes with in-depth theory, long case studies and practice questions, then a 1.5-month placement with a host in the field, a professional mentor and a capstone.

Highlights

- **What your child gains.** A tested career choice, university-level understanding of the field, a professional portfolio and a mentor reference, years before university.
- **Three flagship pathways.** Law and Legal Practice; Public Administration and Civil Services; Politics, Policy and Advocacy.
- **Or your own field.** Journalism and media studies, medicine and health, engineering, computer science and AI, finance and accounting, economics, international relations, psychology, architecture, environment and more.
- **Theory, cases, practice.** Every topic has in-depth reading, a long case study of about 1,000 words, and practice questions with model answers.
