Cyber Security Programme

Learn to protect people and organisations online.

About the programme

Six weeks: a classroom Academy on security foundations, four weeks of industry placements with real defenders, and a project week ending in a security plan pitch.

Highlights

- **Week 1: Academy.** CIA triad, threats, passwords and MFA, phishing, privacy, encryption and the ethics charter.
- **Weeks 2–5: placements.** Security Operations, Networks and Systems Defence, The Human Side of Security, and Risk, Privacy and Governance.
- **Week 6: project.** Score a real risk, design controls or a campaign, pilot it with users and pitch it.
- **Course packs and slides.** An MYP-style course pack and teaching slides for every week, plus a library of teaching-session units.
