SPECTRUM
ADVANCED LEARNING

SuperLearners pathway · Ages 4–16

Spectrum SuperLearners

Learn how to learn: memory, reading and study habits in ten weeks.

About the programme

A 10-week live skills programme for ages 4 to 16, twice a week at the centre or online: memory techniques, faster reading with understanding, and study habits that make every subject easier.

Highlights

- **Memory you can use.** Picture Power, the Memory Palace and number-shape hooks, used for real lists, names, facts and spellings.
- **Read faster, understand more.** Finger Pacer, Pre-Read and Chunk Reading. Speed only counts when understanding stays at 80% or more.
- **Study habits that last.** The Review Ladder of spaced practice, focus sprints, mind maps, and sleep, movement and water.
- **Four age bands.** Band A (4–6), Band B (7–9), Band C (10–12) and Band D (13–16), each with its own workbook and games.
- **Measured from your child's baseline.** Week 1 and Week 10 tests measure memory, reading speed and understanding, so progress is your child's own.

LENGTH
10 weeks (20 sessions)

SESSIONS
Two 60-minute live sessions a week

HOME PRACTICE
10 minutes a day
