Young Investors: Financial Markets

How money, markets and investing really work, learned with pretend money.

About the programme

Ten days over 3.5 weeks on saving, the stock market, shares and bonds, risk and diversification, reading company news and running a simulated portfolio. At the centre or live online, all year.

Highlights

- **What your child gains.** Money sense for life: budgeting, saving, compound growth and the confidence to ask good questions before any financial decision.
- **Markets explained.** Shares, bonds, funds, indices and the stock exchange, with the Pakistan Stock Exchange and world markets as examples.
- **Reading a company.** Revenue, profit, debt and simple ratios, and how news and interest rates move prices.
- **Risk and responsibility.** Risk and return, diversification, scams and get-rich-quick claims, and why speculation is not investing.
- **Simulated portfolio.** Teams manage a pretend-money portfolio, keep a decision journal and present their investment case.
